# DATA ANALYSIS

The aim of the course is to provide a solid foundation for those looking to gain a deeper understanding and learn how it will affect their business areas. With a firm focus but not entirely limited to any specific industry we will look at use cases that are already in the market and those that will come in the future.

## WHO SHOULD ATTEND ?

- DEVELOPERS
- ANALYSTS
- IT ENGINEERS
- PROGRAMMERS
- IT PROJECT MANAGER
- SYSTEM ADMINISTRATORS
